It is true that the Organ Association's advertisement stated a fact but it stated it in such a way as to create an erroneous impression.

It leads to the conclusion that the Dime Concert people had advertised that the or-gan would be used, which is not true. This Institute has a Preparatory and Intermediate Department under efficient The Mechanical Drawing Department deserves special mention. Their display was

very fine, and showed a great deal of natural talent in that line. Prof. A. Nembach gave some most excel-lent music upon the large organ of the church, and Mr. Hartley Thompson sang "In Native Worth," from the "Creation," with such telling effect that an encore was

almost insisted upon. Hon. M. F. Force presented the diplomas in a well-chosen, practical speech, full of good advice and practical common sense. It is to be hoped that every young gentle-man in the class will put in practice the noble sentiments expressed by the honora-ble gentleman.

We learn that the Institute is just closing a year of remarkable prosperity, both in the number and excellent scholarship of its students. The graduating class has attained an unusually high rank in every respect. Two hundred and six are enrolled in the catalogue, and the hard-working Principal may certainly congratulate himself at the firm footing which the Institute has deservedly attained.

A display of remarkably well executed mechanical and architectural drawings was made by the pupils of the Institute, show-ing unusual excellence in this department. The drawings would have done credit to pupils of much larger experience.

Resignation of Captain Holloway. The Board of Police Commissioners met in executive session yesterday afternoon, and elected twelve sanitary policemen, promoted nine substitutes to the position of regulars, and confirmed three Station-house Recepers. They also made the following appointments: Ludwick Fisher, Thomas Scahill, Sr., and Walter Hussey, Stationhouse Keepers; John Schuler and John X. Kramer, Market Watchmen; Mrs. Robert White Market Watchmen; Mrs. Robert

Whitney, Matron of City Infirmary. Police Commissioner Holloway s his resignation to the Board, but the resig-nation was laid on the table. The term of Captain Holloway expires in

the spring, when his successor will be elected by the people. He stated emphatically that the reason for his resignation was the necessity of attending to his business, which at this time of the year is very brisk, and which, if he remained in the Board, he would have to neglect. He had his resig-nation in contemplation for some time. He had no fault to find with any member of the Board, and the above is the only reason

We know that DaCosta's Radi-cal Cure will without the shadow of a doubt, almost immediately relieve and permanent-ly cure all of these distressing symptoms. We know of thousands who are willing to testify that what we say is true to the letter. We know that if you give it a fair trial, you will let us add your name to the "cloud of witnesses.'
